

**GULF COAST WASTE DISPOSAL AUTHORITY  
WASTEWATER AFFLUENT PERMIT**

In compliance with 40 CFR 403, TPDES Permit No. 01054 and the provisions of the Gulf Coast Waste Disposal Authority Pretreatment Program Industrial Rule, as amended (Rule),

Permittee  
Intergulf Corporation  
10020 Bayport Blvd.  
Pasadena, TX 77507

Permittee and/or Co-Permittees are herein referred to as "Permittee" and are authorized to discharge wastewater for the above identified facility into the Gulf Coast Waste Disposal Authority (Authority) collection system for the Bayport Facility (POTW) in accordance with the conditions set forth in this Affluent Permit.

Intergulf Corporation's facility (Intergulf) is a used oil recycling operation, and accepts designated hazardous and non-hazardous wastewater for pre-treatment and discharge to the POTW.

Intergulf is a Significant Industrial User of the Bayport Facility.

This Affluent Permit is granted based on information supplied and representations made by the Permittee and in reliance on the accuracy and completeness of that information and those representations.

This Affluent Permit shall become effective as identified below and shall expire at midnight, November 30, 2016.

The Permittee shall not discharge after the date of expiration. If the Permittee wishes to continue to discharge after this expiration date, an application shall be filed for reissuance of this Affluent Permit in accordance with the requirement of Section 4.2 of the Rule, at least 180 days prior to the expiration date.

This permit shall be come effective on the 30th day of November 2011.
